United States Senate

WASHINGTON, D.C. 20510

June 8, 1984

The Honorable John N. McMahon
Deputy Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. McMahon:

Thank you so much for scheduling some time to be with me and a group of Colorado friends on Friday, June 15.

We will meet you in S-120 of the Capitol and are delighted to have you join us. We've scheduled this session from 11:15 to 12:00. I am recommending to other speakers that they give us 20 minutes of comment on a topic of their choice and then allow about the same amount of time for questions and reaction from the group. I will be on hand throughout the event and it will be my pleasure to introduce you.

This is a group of about 35 Coloradans, primarily business leaders who are also active in politics and government. The group includes a former Secretary of the Army, a current and a former chairman of the State Republican Party; others who have held presidential appointments in this Administration, and then many who are successful business people in Colorado.

They are spending all of Friday and part of Saturday in sessions on a variety of public policy issues. Before your scheduled time they will be on the floor of the Senate for a short session; will hear from another Senator; will discuss economic issues with Dr. Paul Craig Roberts; and then will hear from you. They will then have lunch with Secretary Regan; travel to the State Department for briefings from Under Secretary William Schneider and conclude the Friday program with a threat briefing at the Pentagon.

That should give you a general idea of the sessions. It is my guess they would be more interested in your views on trouble spots around the world or areas or topics of concern you see for the future--rather than organizational aspects of the CIA. However, we are open to whatever you would like to discuss and look forward to seeing you on Friday.

If you have any questions please get in touch with me directly or contact Bob Potts in my office at 224-5941.

Sincerely,

William L. Armstrong
